

The Forum's
process
is dynamic
and
participative

It's
an open space for
dialogue and
participation, for all actors
wishing to contribute to the
debate on Local Economic
Development and to sustainable
social and environmental
development that will take
place during the 3rd
Forum

3rd World Forum of Local Economic Development

TORINO 2015 | 13 - 16 OCTOBER

TORINO ITALY 2015 | 13 - 16 OCTOBER

Dialogue
between territories:
New Insights
of Local Economic
Development

Objectives

to advance the global dialogue of LED through the participation and sharing of experiences and views of a large range of stakeholders, from all continents;

to identify models and good practices of successful LED-based on local and territorial policies;

to establish a system for exchanging experiences and data of LED;

to build partnerships for a greater impact on the global agenda through a joint roadmap;

to raise awareness among governments so they adopt policies that facilitate the implementation of LED and territorial development models, as effective stimuli to improve the living conditions of their communities

How can you participate?

Present your LED experience, sharing your studies and knowledge products

Participate in the on line debates and leave your message

Choose the most relevant issues so they are addressed during the Forum

Participate in the Business-to Business opportunities and networking events facilitated by the Forum's lead-up process

Participate in the workshops, training sessions and conferences that will be held during the forum
