

## CALL FOR APPLICATIONS

We are pleased to announce the **1<sup>st</sup> Eating City - Workshop** in the frame of the EU Project **“Food Wave – Empowering Urban Youth for Climate Action.”** Open to maximum 50 participants between 18 and 35 years old working and/or studying around food sustainability and climate change coming both from European countries or the project Partners’ countries.

Chefs, Gastronomists, Nutritionists, Food Procurement Officers, F&B Buyers, Farmers, Fishermen, Foodies, young professional: anyone working or studying around food and climate change issues is invited to share with us this challenging adventure.

Due to recent covid-19 restrictions, the workshop will adopt a hybrid formula: all the applicants coming from France are invited to participate in person, with a maximum of 15 participants. All other applicants will be able to join the meeting via video conference (zoom) with a maximum of 35 applicants.

**Venue:** (only for those living in France) Hotel VTF "Le Domaine des Hautannes", 33, Rue du 8 Mai 1945, 69650 Saint Germain au Mont d'Or (France)

**Workshop topic & objective:** Highlighting the impact that the “out-of-home food consumption” sector can provide in the fight against climate change and sharing a common declaration addressed to the presidency of COP26.

**Save the Date: November 6 to 8**

Applications must be sent by mail to [foodwave@eatingcity.org](mailto:foodwave@eatingcity.org) no later than:

**October 18 for those participating in person**  
**October 25 for those participating via videoconference.**

**Apply now: places are limited!**

**Food Wave** has the aim to create awareness on sustainable ways to consume and produce food for climate change mitigation and activate young people in their cities, in order to enable them to influence institutional decisions, so they can lead us to a sustainable global food system by 2030.

**The project is co-funded by the EU** and promoted by the Municipality of Milan together with ActionAid Italia, ACRA, Mani Tese and 25 project partners in 17 countries. The network consists of 17 cities, 5 municipal agencies and 6 civil society organizations closely linked with the cities. C40, the international network of cities engaged in the fight against climate change, is also affiliated to the project.

Lead: Municipality of Milan
